EXPERIENCE

- **Substitute Teacher's Assistant (Trilogy)**
 - As a substitute teacher's assistant, I help students through the fun (yet occasionally stress-inducing) process of learning programming.
- **Kohfield-Assoc.com (Web Designer, Freelance)**
 - Redesigned a Yahoo Web Hosting website from 2010 into the modern era with modern design and mobile responsiveness.
- **RootBuyer Remastered (Creator)**
 - Deployed Link: <https://rootbuyerremastered.herokuapp.com>
 - Brought RootBuyer.com into 2020 by creating a React.js mockup from scratch, implementing state of the art design principles to make RootBuyerRemastered a perfect glimpse at what RootBuyer.com could be.
- **The Bottomless Box (Creator)**
 - Deployed Link: <https://bottomlessbox.herokuapp.com>
 - A masterwork of CSS, the Bottomless Box is a tool designed for inventory management and budgeting. Using React.js, this lightning-fast, mobile responsive, easy-to-learn app makes certain that you know exactly what you'll pay when you checkout at the grocery store.
